FELIX ISMAN TAKES OVER THE BROADWAY THEATRE.

mil Eventually Erect a Modern Office Building on the Land-The Adams Express Co. Buys a Branch Site at 7th and 14th Street-Big L. I. Deal.

The brokerage branch of the market was fairly active yesterday. The bulk of the frading was in flats and dwellings. among the few transactions in vacant land was the sale of a valuable plot on Washington Heights, at Broadway and 179th street. A speculative holding in the Pennsylvania terminal section also figured in the news, representing a class of property which has not been in much smand of late. The day's trading as a whole reflected continued progress in the slow but upmistakable improvement which the market has shown for several weeks.

The Broadway Theatre, at the southwest corner of Forty-first street and Broadway, extending to Seventh avenue, toway, extending to Seventh avenue, to-gether with the adjoining property on the avenue, was deeded by the Countess Zhorowski of London to the 1449 Broad-way Company for a consideration of \$1,325,-000, subject to a mortgage of \$1,250,000 at 4 per cent. The company has executed a lease of the property to Felix Isman of Phil-adelphia for a term of 105 years at a yearly rental beginning at \$55,000 and ending at \$0,000. Mr. Isman will make some altera-tions to the present building and in a few years will erect a skyscraper on the site. tions to the present building and in a few years will erect a skyscraper on the site.

Two important suburban sales involving a total of eighty-one acres in Nassau county along the line of the Montauk division of the Long Island Railroad were closed by the McCormack Real Estate Company. A syndicate of local speculators purchased the farm of forty-one acres lying east of and adjoining the development of the McCormack Real Estate Company at Valley Stream. The farm has a large frontage on the Merrick road, the main highway of Long Island's South Shore. The purchase price was about \$3,000 an The purchase price was about \$3,000 an acre. The other sale comprised a farm of forty acres between Baldwin and Freeport and just south of the Merrick road. The purchaser represents New England capital. The price averaged \$2,500 an acre. The new third rail train service is said to be causing a boom in buying and building all the way from the city line to Freeport and beyond.

## Private Sales.

THE GRAIN MARKETS.

Wheat Drops—Foreign News Bearish—No Export Demand — Statistics Bullish

-Corn and Oats Firm. Wheat closed lower on bearish foreign advices, continued dulness of the export trade, bearish pressure and liquidation. Better weather, to say nothing of Monday's Government report, also contended against any advance. The cables certainly did not help bulls. Liverpool fell equal to 1%c., influenced by the Government report, large arrivals, cheaper Argentine offerings, pressure and liquidation. Part of the loss there was recovered, however, on covering of shorts, the market ending 5-16c lower. Berlin

sure and liquidation. Part of the loss there was recovered, however, on covering of shorts, the market ending 5-160, lower. Berlin declined 1/40. Paris was 1/40, lower to 1/40, higher, Budapest rose 1/40, but this counted for nothing.

Moreover the European crop prospects continue to improve as a rule, though in southwest Russia only one-third of a crop is expected, and crop reports from the American winter wheat belt were favorable in the main. Prominent Chicago interests like Armour, Patten, Barrell, Canby, Wrenn, the Northern Grain Company, Daggett and Brosseau were reported to have sold. James Patten was talking in a bearish strain.

Yet resistance to a decline was manifest. At one time prices rallied rather sharply. This was due not only to liquidation of short accounts, but also to new buying. Many believe that wheat is destined to reach considerably higher prices later on. That the consumption in this country is on a large scale is shown by the steadily diminishing stocks. There are not a few, too, who believe that Europe must sooner or later turn to this country for additional supplies.

The Bradstreef statement was buillish. It showed a decrease of 1,465,000 bush, in this country sagt of the Rockies) of 633,000 in Canada and of 300,000 in Europe and affoat for Europe, a total diminution in the world of 2,336,000 bush, against an increase of 2,060,000 last week and a decrease of 254,000 last year. It shows that American supplies are over 23,000,000 bush, less than a year ago and world's succks more than 13,000,000 less.

The receipts continued small as compared with the figures of a year ago. Northwestern arrivals were 230 cars smaller than last year and the total primary receipts 220,000 and year. It shows that American supplies are over 23,000,000 bush, in three days. The stock of contract wheat at Chicago has decreased 149,000 bush, within a week, leaving the total 4,256,000 bush, against than lartyear and the reports of insects came from the Southwest.

But although many are predicting much higher p

That the Government report had given the bulls distinct encouragement was very plain. Trading was active at higher prices. Bulls gave support and shorts covered. May was especially strong and active. Some are predicting 70 cents for that option at Chicago before the shorts are out of the woods. Some who bought May sold the later positions. There was no aggressive selling, however.

Chicago had only two cars of contract grade out of total arrivals of 260 cars. The receipts there to-day were estimated at only

grade out of total arrivals of 200 cars. The receipts there to-day were estimated at only 116 cars. The total primary receipts were 500,000 bush. smaller than a year ago. The weather was favorable in the main, but this had no effect. Liverpool rose % to 1%c.

The contract stock at Chicago increased 30,000 bush. during the last week, but the total is only 750,000 bush., against 638,000 a year ago. The supply in public and private elevators there increased 158,000 bush. to 5.270,000, against 9.005,000 last wear. Bradstreet's reported a decrease in the available supply of 1,209,000 bush., against a decrease of 169,000 last week and an increase of 2,195,000 last year.

THE OATS FEATURES.

Backed by the Government report of small

Backed by the Government report of small reserve stocks in farmers' hands the trading was brisk at higher prices. The Government report is 267,000,000 bush. Mr. Patten estimates the monthly consumption at 55,000,000 bush. to August 1, and he thinks 120,000,000 bush to August 1, and he thinks 120,000,000 bush, will be required for seed. If the Government figures are anything like correct and if Mr. Patten's estimate is within gunshot of the facts the situation is bullish indeed.

Patten interests bought and so did commission houses. Shorts were nervous, especially in May. Receipts continue liberal, but some expect a diminution in the movement shortly. Chicago got 307 cars, including 16 of contract grade, and expect 191 to-day. The primary receipts were 200,000 bush. larger than a year ago. The gontract stock at Chicago has increased 281,000 bush. within a week, making the total 2,459,000 bush., against 552,000 bush. No. 2

total 2,459,000 bush., against 552,000 last year.

CYTY REAL ESTATE.

A Period of Sober Reflection

It is conceded that the greatest protection to the public in dealing with corporations is publicity. If a company has nothing to conceal it should not object to giving the public full information as to its affairs. The Lawyers Mortgage Company is the only Mortgage Company that tells all about its business-the amount of Guaranteed Mortgages outstanding, the amount of delinquent interest, the number of fore closures during the year, and every item from which the public can judge for itself the uniform solidity and strength of its

mortgage investments. LAWYERS MORTGAGE CO. Capital & Surplus, \$4,250,000
